

Mini Project I Assignment

After finishing the required reading in Unit 3 and 4, you should create a web page named **mini_project_1.html** and upload the file to your www directory on the bengal server. Also, complete the mini_project_1.doc worksheet and attach it to your assignment submission in Sakai.

I. Content of this Assignment

This **mini_project_1.html** page should have at least the following,

- A **relative link** from the mini_project_1.html page to your Assignments Page.
- An **absolute** link to external web site (any website that is not on your bengal space)
- At least 5 different ways of text formatting
- At least one image with alt, width, and height attributes in the tag.
- The background color should be some other colors besides white.
- Text and links colors should be something other than the default one. (The background, font, and link colors should work well together).
- Anything else you want -- please make your page unique

This Assignments Page should be updated to have at least the following,

- Add a **mailto: link** for your email address on your assignments.html page.
- Add a **relative link** for the mini_project_1.html on your assignments.html page.
- Correct your assignments.html page if you had any errors, and update your assignments.html page on the server.

Complete the inline vs. block-level elements worksheet. The worksheet can be downloaded from http://zone.missouri.edu/files/introweb-8/mp1_worksheet.doc. Refer to page 3 of Unit 3 Instruction for explanation about inline and block-level elements. Attach the completed worksheet in your submission via the Assignments tool in Sakai.

II. How to Submit Your Assignments Page

When you are finished, you will need to:

- Upload your mini_project_1.html page, assignments.html, and associated media file(s) to your bengal space,
- Go to the Assignments tool, select mini project 1 from the list, type the URL of your mini_project_1.html page in the Submission, and attach the completed worksheet.

If you have any questions or would like mentors' feedback, upload your work to your bengal space and post the URL of your page to the "Mini Project 1" discussion board.

III. Evaluation

Your mini project 1 will be graded based on the following criteria,

- have proper structural (doctype, html, head, title, body) tags
- include all required links (2 relative, 1 absolute, and 1 mailto)
- have at least 5 different ways of text formatting
- have at least 1 image with alt, width, height attributes set up properly

- set background, text and links to be some colors besides the default ones
- upload all the required files correctly to your bengal space
- complete the worksheet correctly and attach it to your assignment submission
